

## Comparison of This Year's Ranking to Last Year's

The table below lists all cities that were in either this year's or last year's rankings. The methodology for the two rankings was the same. The two left columns show this year's ranking for each city (first in Dangerous Order, next in Safest Order). The two columns to the right of the city name are last year's ranking for that city. A city not in both years' rankings will have "NA" for the year it was not listed. Please note this year's ranking has 378 cities while last year had 371 cities. (In first column 1 is "most dangerous", 378 is "safest"; in second column 1 is "safest", 378 is "most dangerous").

<u>Most Dangerous Order This Year</u>	<u>Safest Order This Year</u>	<u>City</u>	<u>Most Dangerous Order Last Year</u>	<u>Safest Order Last Year</u>
