About the Author

Stephen W. Stathis is a senior staff member at the Congressional Research Service and the author of *Landmark Legislation, 1774–2002*.

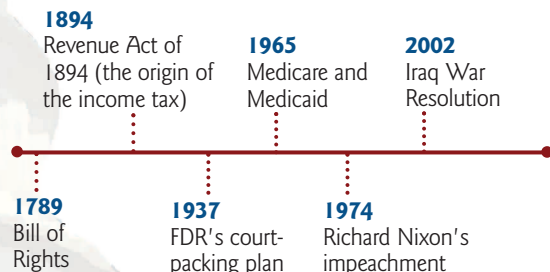

Landmark Debates in Congress From the Declaration of Independence to the War in Iraq

Stephen W. Stathis

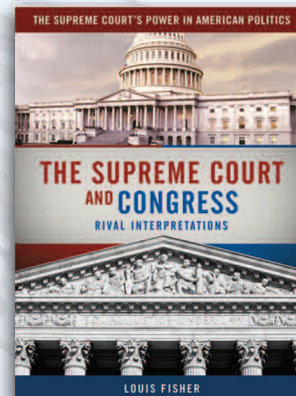

"If taxation is a badge of freedom, let me assure my friend that the poor people of this country are covered all over with the insignia of freemen."

—Rep. William Jennings Bryan, 1894

A fascinating look at history in the making—and an eye-opening presentation of some remarkably colorful rhetoric—*Landmark Debates in Congress* is a one-volume resource to more than 50 pivotal congressional debates. From colonial independence and individual rights to slavery, territorial expansion, and presidential powers, debates include:

The book contains essays that discuss key points and place the issues into context with the time period and the political and social concerns of the day, while primary documents present the views of the participants. A compelling lesson in the politics of persuasion, *Landmark Debates in Congress* presents often-stirring rhetoric, and captures the ever-changing sound of American politics.

About the Author

Louis Fisher is a senior scholar in the Law Library at the Library of Congress and author of more than a dozen books, including *Constitutional Conflicts Between Congress and the President*, *Presidential War Power*, *In the Name of National Security*, and *Military Tribunals and Presidential Power*, winner of the Richard E. Neustadt Award.

The Supreme Court and Congress Rival Interpretations

Louis Fisher

The Supreme Court and Congress is part of a groundbreaking new series, which takes an institutional approach to studying the Court's role in American politics. Using a wide selection of primary source materials, titles in this series examine the Court's impact on different groups, agencies, and public policies as well as on public philosophies about the appropriate dimensions of judicial power.

The Supreme Court and Congress explores how the Court operates in relation to legislative action, as well as how it has defined the extent and limits of congressional power. Individual chapters trace conflicts between branches over:

- ▶ The power of judicial review and other key separation of powers issues
- ▶ Civil rights for African Americans and women
- ▶ Individual liberties
- ▶ Regulation of the national economy
- ▶ Differing interpretations of the Constitution and their practical effects
- ▶ And much more!
